### BATH COUNTY ITEMS.

[Bath County World.]

Born, Monday morning, Feb. 22, to Mr. and Mrs. Robert E. Duff, a daughter.

While going home in a hurry Wednesday night, J. D. Hovema ran into a gate swinging across the sidewalk and was painfully injured on the right leg.

While weatherboarding his house a high scaffold broke, throwing Tom Powers, of Reynoldsville, about fifteen feet and breaking his leg between the ankle and the knee.

The grand jury at the recent term of the Bath Circuit Court returned fifty-one indictments. We understand that a number of indictments were returned for the illegal sale of intoxicants in this town.

Not as large an acreage of potatoes will be planted this year. Last year the crop was almost a failure and there was a tremendous amount of potatoes planted on account of the scarcity of tobacco grown.

A ewe in the flock of James Blount, near Bethel, became the mother of two lambs, one of which had six legs. The two extra legs were attached to the body immediately between the two front legs. They were almost, but not quite as long as the front legs.

### Unequaled as a Cure for Croup

"Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequaled as a cure for croup," says Harry Wilson, of Waynetown, Ind. When given as soon as the croupy cough appears, this remedy will prevent the attack. It is used successfully in many thousands of homes. For sale by R. H. White & Co. 34-5t.

### Danville On A Boom.

Danville is now enjoying an unprecedented growth. During the last twelve months fifty families have moved from Burgin to Danville; a dozen or more from Lexington and probably two hundred from Somerset. The influence came with the division headquarters of the Cincinnati Southern, which were removed from Somerset.

John Carter, former Sheriff of Morgan county, has announced as a Democratic candidate for Representative from the district composed of the counties of Morgan and Wolfe.

### HAZEL GREEN.

J. T. Day is having the telephone from Torrent via this place to Lee City reconstructed.

The enrollment at the Academy is 304. The young men in the Academy have formed a reading circle.

Mrs. Lane Holliday, of Hobart, Oklahoma, has been visiting her mother, Mrs. Wm. Taubee, for a few weeks.

John W. Cravens, who has been in poor health for several months, had two hemorrhages from the lungs last week.

Ellsworth Lacy and family, Mrs. Emma Lacy and her sister and sister-in-law's child left for Bush-ton, Ill., on March 1.

Rev. H. J. Derelick has returned from East Tennessee, where he urged the people to assist the C. W. B. M. to establish a school somewhat similar to the Morehead and Hazel Green schools.

### Prof. H. A. Howell, of Havana, Cuba, Recommends Chamberlain's Cough Remedy.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now," writes Prof. H. A. Howell, of Howell's American School, Havana, Cuba. "On the night of February 3 our baby was taken sick with a severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only saved the life of our dear little boy." For sale by R. H. White & Co. 34-5t.

Republicans of Breathitt county instructed for N. Evans, of Beattyville, for Representative from the Breathitt-Lee-Mazloff district.

### HIGHER STANDARD OF GIVING.

[By Mrs. Robert Tipton at Foreign Missionary Rally at Somerset Church, Sunday, February 28, 1909.]

The greatest enterprise that ever enlisted the heart and brain of man is to save his fellowman. The spiritual obligation of every heart should be to earnestly seek the salvation of all lost in the world. The atlas of love and service knows no geographical boundaries. The world is the field. The Christian religion is missionary. The Church of Christ is a missionary institution. Every true Christian possesses a missionary spirit. It was a missionary spirit that brought Christ into the world, and that inspired all the early apostles and disciples. All Gentile nations are enjoying the fruits of missionary labor. So thoroughly are missions the mission of the Christ and His church that one may be excused for thinking any professed disciple of His who is not missionary has failed utterly to catch the Christ spirit.

We are all prone to regard the pleas of our dying friends and relatives as the most sacred. Why not the last and great commission of our Saviors? Who, when about to ascend to His home in glory land, said unto His disciples, "Go ye into all the world and preach the gospel to the whole creation?"

"Ye shall receive power when the Holy Spirit is come upon you and ye shall be my witnesses both in Jerusalem, in all Judea, and Samaria, and unto the uttermost parts of the earth? Where the scriptures speak, we speak; where the scriptures are silent, we are silent; neither do we add nor take from the words of the Great Book."

The early church understood this command and went everywhere preaching the word. Great results were forthcoming. But to properly prosecute this soul-saving enterprise today, two things are needed—men and money. The maximum success of the former is dependent upon the latter. The Christ said to His disciples, "Provide neither gold nor silver nor brass in your purses." But they were to go to Jesus, and no Jew would ever start when among Jews. It is true the apostles worked and preached without salary. But we need things today that were not needed twenty centuries ago, and money only gets these things. Money prints Bibles, pays traveling expenses, erects colleges and churches, and various other things to fill the heathen eyes, which we gain before their hearts. The Holy Spirit is truly the propelling power of the gospel train, but the silver dollars are the wheels upon which it runs. "How much should I give to the various Christian enterprises, and how shall I know when I have given enough—to satisfy the Lord?"

are questions frequently asked. "Some say, 'Give all,' but 'who does that? Besides God doesn't ask us to impoverish ourselves by giving, but he desires only to consecrate it all, dedicate it all to God's service and glory. Some say, 'Give until you feel it,' but some persons feel it more to give a nickel than others do to give a dollar. Our feeling is not a criterion of God's pleasure. These plans are deficient because they are man-made and by the use of them we shall always have empty blessings. No petty kingdom or government is so poorly financed as the Church of Christ. Think of our government depending on the will of its subjects for

its support, or on exchanges, bazaars, ice cream suppers, and the like and even handkerchief sales for money to finance its affairs. This would disgrace any earthly government in its own and in the eyes of the nations. Yet this is what Christians are doing year by year to finance the Kingdom of God. Is not the Kingdom of God more glorious and dignified than all earthly kingdoms? There is a Bible-plan that is perfect and is satisfactory to all Christians in 1st Corinthians, 16:2: "Upon the first day of the week, let everyone of you pay by him in store, as God hath prospered him, that there be no gatherings when I come." Every man according as he purposeth in his heart, so let him give. Not grudgingly or of necessity, for God loveth a cheerful giver. He who soverly sparingly shall reap sparingly, and he who soverly bountifully shall reap bountifully. The old tithe systems, practiced by the Israelites as well as in every century past by the leaders in the Christian world, seemed to me the most equitably and easiest of payment, and should be adopted by all Christians. To tithe ourselves we are to set aside one-tenth of our earnings to the Lord's use. Some people object to it because it was a Jewish plan, but is that a sufficient excuse? Were not the Jews a people of God? and did they not many good things? Besides being a Jewish plan, it was a divine plan. It was God who said all the tithe of the land is the Lord's. God demanded it of the Jews, but He does not demand it of us, but He expects it of us. God expects as much of a poor man, according to his means, as He does of the rich. The PERCENTAGE PLAN is the only one that places all on equality, making the widow's mite as much as Carnegie's gift. As one man's income increases so should his gifts to God increase. All things are God's; we are just to use them for a while. Let us not think more of laying up for ourselves and children treasures on earth, than treasures in Heaven. We owe God more mental than we do man; though men pay to men from 30 to 30 per cent.

Can we object to giving God just one per cent? The sun, the rain, the sunshine are all His, and we owe for their use. Experience is our best teacher, but we can learn a great deal from the experience of our many men of low means who have tithed for years and they all say that nineteenth now goes further than tenth did before tithing.

Friends, are we going to let the evangelization of the world depend upon the number which happens to be in our clothes on mission day? We should have an offering from every member of the church, and if the Lord hasn't prospered us we must make a sacrifice, and do without some of the comforts of life in order to enjoy this spiritual blessing. When we spend money for comfort and luxuries our dollars look like dollars, but when we spend money for religion our dimes look like dollars. We need a higher standard of giving, such as our Saviors practiced when He gave His life for you and me. We need mission, a conscience, and then we will not feel that people asking us for money to finance our church work are begging a loan for Christ, nor will our church workers fear we are regarding the gift more than the giver. We wish to make the sentiment of Lowell ours:

"Not what we give, but what we share, for the gift without the giver is bare; Who gives himself with his alms feeds three."

Not what we give, but what we share, for the gift without the giver is bare; Who gives himself with his alms feeds three."

Not what we give, but what we share, for the gift without the giver is bare; Who gives himself with his alms feeds three."

### New York Central Must

Pay Fine of \$108,000.

The verdict of the United States Circuit Court for New York, imposing a fine of \$108,000 upon the New York Central Railroad Company for granting rebates to the American Sugar Refining Company, was affirmed by the Supreme Court of the United States.

The rebates were on shipments of sugar in 1908 from New York to Cleveland and Detroit. Six fines of \$18,000 each were imposed. The Government prosecuted under the interstate commerce and Elkins laws. The published tariff called for a charge of 21 and 23 cents for 100 pounds. The cut was 5 cents and 2 cents.

## NO INDIGESTION OR DYSPEPSIA.

Makes Misery from an Upset Stomach Vanish in Less Than Five Minutes.

Every family here ought to keep some Diapiesin in the house, as any one of you may have an attack of Indigestion or Stomach trouble at any time, day or night. This harmless preparation will digest anything you eat and overcome a sour stomach five minutes afterwards.

If your meals don't tempt you, or what little you eat seems to fill you, or lays like a lump of lead on your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your Pharmacist for a cent- case of Pape's Diapiesin; take one triangle after supper, tonight. There will be no sour risings, belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating, Headaches, Dizziness or Intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for all stomach misery, because it will take hold of your food and digest it just the same as if your stomach wasn't there.

Actual, prompt relief for all your stomach misery is at your Pharmacist, waiting for you.

These large 50-cent cases contain more than sufficient to cure a case of Dyspepsia or Indigestion. 34-t.

### Voted Heroine.

The House unanimously passed a resolution Friday morning, extending a vote of appreciation to Miss Mary Glover, until recently a resident of Oklahoma City, who saved the life of Senator P. J. Yeager, the roommate of Senator George Johnson, killed by breathing natural gas Wednesday morning. Miss Glover, who is a stenographer in the office of J. R. Cottingham, general Oklahoma counsel for the Santa Fe, rooms at the home of Mr. Thompson, the home of the two senators. She heard Senator Yeager's knocks on the door, which he was unable to open, and, unaided, dragged him and Senator Johnson from the room.

Miss Mary is the daughter of C. G. Glover, formerly of this city.

## NO SUNDAY BALL.

Gov. Marshall, of Indiana, on Friday vetoed the recent legislative bill permitting base ball on Sunday.

We are pleased to say that the Democratic members of the Indiana Legislature have not yet succeeded in repealing the County Unit Bill. The session ends this week.

## THE PRESIDENT'S TOAST TO AMERICAN NAVY.

"Not until some American returns victorious from a great sea battle will there be another such home-coming, another such sight as this. I drink to the American Navy."

Fred Blackburn, a merchant of Stanton, Ky., was elected a member of the State Board of Agriculture, Forestry and Immigration from this 7th Appellate district at the State meeting at Elizabethtown last week. The press reports say that the convention was manipulated for partisan political purposes.

## G. ALLEN MCCORMICK.

In this issue we present Mr. G. Allen McCormick as a candidate for the Democratic nomination for County Judge.

He has an extensive acquaintance in the county, as for twelve years he has been before the people in a public capacity—as Sheriff and Assessor, and so far as we have heard has faithfully discharged the duties and assumed the obligations incident to the trusts committed to him. Until he became an aspirant for office he was a farmer and has since lived mostly on a farm.

The same capacity and industry that have been shown may reasonably be expected from him in the future, and if promoted to that responsible position he will no doubt, to the best of his ability, direct the affairs of the office.

## PROSPERITY DID NOT COME

Before the November election there were predictions of great financial disaster, a complete wreck of business if Mr. Bryan should be elected, and a declaration of great prosperity and whirling the wheels of industry if Mr. Taft were elected. The boom was to start at once. Mr. Taft's party was endorsed by a tremendous majority. What has become of the promised revival? Mr. Taft, even before he is inaugurated on tomorrow, is according to an interview in New York on last Friday, urging an immediate revision of tariff as a primary requirement for relief of present backwardness of business and expressed the hope that the revision would be accomplished by June 1, and for this purpose will call for an extra session of Congress.

Before the election the chief desire of the Republicans was to stay in, hence they cried, "business depression." No doubt they have been greatly disappointed.

## THE SCHOLARSHIP PLAN

will succeed if our citizens act and act promptly. The town people will be solicited at once to subscribe for scholarships, and their hearty and liberal response means much towards the success of the enterprise. Three of the town's business men will make an active canvass and others will help. Let every business man take hold of this matter and give his attention to it for awhile, and get others to subscribe for scholarships. Have a number of copies of the proposed plan in your places of business and call attention of people whom you meet to it, and take subscriptions and help the movement. Do this to-day and don't let up till the prospect proves a success. Will you act to-day?

Rev. T. Benton Hill before leaving our city for his new field of labor, said to Prof. W. H. Cord: "When you purchase grounds for the proposed school, buy building, or lay cornerstone of new building, draw sight draft on me for fifty dollars—a new scholarship—and I will pay it."

## IS PROHIBITION A FAILURE?

At Covington, Ky., in 1904 A. R. Mullens delivered to the American Express Co. 20 packages of whisky consigned to 20 people at Oswego, Kan., a dry territory. The whisky was seized at Oswego by the Sheriff under due process of law and was destroyed by the Court. Mullens sued the Express Company for the value of the whisky. The Circuit Court of Kenton county, Ky., decided in favor of Mullens. The case was taken to the Supreme Court of the United States.

Justice Brewer said: "This court has jurisdiction because of the claim distinctly made in the Kentucky court that giving full faith and credit to the judgment of the Kansas court would prevent a recovery against the company, a claim which was expressly denied by the Kentucky court."

"While it is the duty of a carrier to safely carry and promptly deliver to the consignee the goods entrusted to its care, yet that duty does not call upon it to forcibly resist the judicial proceedings in the courts of the State into or through which it is carrying them."

The Kentucky whisky man lost his liquor, his expense of trial, was endeavoring to send C. O. D. packages of whisky to Kansas thus trying to thwart Kansas laws. The above decision was rendered in the United States Supreme Court on Feb. 23.

In this section there are men who say that prohibition is a failure in Kansas. It is liable to fail in Kansas, Kentucky and other places if officers wink at violations, get a rake-off, or are themselves full of FREE booze.

Some months ago we gave prospective candidates the benefit of our judgment concerning announcing for office so long in advance of the date of nomination and election. We think that even now there is no need to be in a hurry, unless they wish to be "bled" or convert themselves into a loan agency or a charity organization—due returns to be had on the day of primary. Some people are willing to be baited, yet are anxious for it. So far as the moral regard of the act is concerned we regard the buyer of a vote equally if not more corrupt than the seller of a vote. We hope that the time will soon come when another campaign can be conducted in Montgomery without the use of whisky, money or other things of value for the specific purpose of changing the vote of the county. Let a candidate's success depend upon his sociability, agreeableness, kindness, honesty, morality and qualification for the office to which he aspires. The ideal (yet possible) citizenship and government will be attained only when these qualities and others like unto them predominate. All candidates are not alike; some prefer a clean defeat to a corrupt victory.

## SKIPPED OUT.

In order to break a quorum in the Tennessee Legislature and to avoid arrest therefor, 13 Democratic Senators left Nashville on Friday. Eight of them came to Hopkinsville, Ky., and declare their intention to stay out of Tennessee until the Legislature adjourns unless the Republicans will keep hands off the selection of Democratic Primary Election Commissioners. Strange things happen in order to carry some partisan measure. Questions of great interest to whole State may thus be sidetracked.

Christian Mueller, member of the Kentucky Legislature, died in Louisville on Sunday night. He was one of the Democrats who voted against Gov. Beckham for U. S. Senator and was opposed to temperance legislation.

## BUSINESS MEN'S CLUB

met in regular session on Monday evening. As only 22 members were present, the presumption is that many business men are not interested. Some were unavoidably absent. The new business considered was the organization of a fair association. The President was directed to name a committee of five who will thoroughly consider all phases of the enterprise and report to a mass convention. The names of the committee and the date of the mass meeting will be given to the public as soon as selections are made. This is an enterprise which can be made of great interest. The matter will be presented to town and country people, and after a full consideration a decision will be made.

## Conductor Killed.

Frank Blevins, a passenger conductor on the C. & O., from Ashland to Pikeville, was assaulted at White House Station by a passenger, W. A. Pruitt, while the conductor was assisting a lady from the train. Pruitt was belligerent on the train and the conductor took pistol from him and returned it when Pruitt and son reached White House, their destination. Pruitt struck the conductor in the face with a lantern. Blevins drew his pistol and shot five times, wounding Pruitt. Pruitt's son, standing behind the conductor, shot him twice. A special train carried the conductor to Ashland where he died on Thursday morning. Pruitt, Sr. was taken to Catlettsburg for medical attention. Pruitt was under the influence of whisky.

Catlettsburg and Ashland sold whisky. There is not a saloon on the Big Sandy river except at Catlettsburg. Let the advocates of open saloons stand up and take notice. Mt. Sterling is not the only town that is disgraced by supplying whisky to legal option territory.

## MAKES GOOD, HEALTHY FLESH.

**W. S. Lloyd Offers to Pay For Samose if it Fails.**

Begin the use of Samose today, and you will soon notice a gain in good, healthy flesh. To all who are thin, weak and run down, this remarkable flesh-forming food promises plump, rosy, perfect health, vigor and vitality.

Most people eat enough to become fat; the trouble is not lack of food, but lack of assimilative power.

Samose mingles with the food that is eaten, so that it is assimilated by the blood, and builds up pleasing plumpness and good, healthy flesh. Those who use Samose for a week or ten days will soon notice a gain in weight and an improvement in general strength and health.

Put good, solid flesh on your bones, and you will be strong and well. In no other way can this be done than by the use of Samose. It gives plumpness and physical grace to the thin and scrawny, and will make you bright, rosy and normally fat. 30-34

### Will Not Pool.

Indications are that the tobacco acreage in Bath and Montgomery counties and entire Burley district will be heavy and that many farmers are opposed to pooling unless an almost unanimous consent in favor of it. Good-bye to high prices.

Man does a thousand good deeds and no attention is paid to them, but if he makes one mistake it is dashed over the world. A life time may be spent in building up a reputation that may be wrecked in a moment.—Winchester Democrat.

## The Pain Family

You know them: they are numerous, and make their presence felt everywhere. The names of the family are Headache, Toothache, Earache, Backache, Stomach ache, Neuralgia, etc. They are sentinels that warn you of any derangement of your system. When the brain nerves become exhausted or irritated, Headache makes you miserable; if the stomach nerves are weak, indigestion results, and you double up with pain, and if the more prominent nerves are affected, Neuralgia simply makes life unendurable. The way to stop pain is to soothe and strengthen the nerves. Dr. Miles' Anti-Pain Pills do this. The whole Pain family yield to their influence. Harmless if taken as directed.

"I find Dr. Miles' Anti-Pain Pills an excellent remedy for everything. Headache, neuralgia and distressing pains of all kinds are relieved in a few minutes. I have used them many times in the past seven years in this capacity with the best results."

Mrs. JOE MERRILL, Peru, Ind.

## DOES NO HARM, BUT MUCH GOOD

Many of Our Citizens Speak  
Well of the Home Prescrip-  
tion Which Helped Them  
to Health.

Mix the following by shaking  
well in a bottle, and take in tea-  
spoonful doses after meals and at  
bedtime:

Fluid Extract Pandelion, one-  
half ounce; Compound Kargon,  
one ounce; Compound Syrup Sar-  
saparilla, three ounces. A local  
druggist is the authority that these  
simple, harmless ingredients can  
be obtained at nominal cost from  
our home druggist.

The mixture is said to cleanse  
and strengthen the clogged and  
inactive kidneys, overcoming Back-  
ache, Bladder weakness and Urinary  
trouble of all kinds, if taken  
before the stage of Bright's dis-  
ease.

Those who have tried this say  
it positively overcomes pain in the  
back, clears the urine of sediment  
and regulates urination, especially  
at night, curing even the worst  
forms of bladder weakness.

Every man or woman here who  
feels that the kidneys are not strong  
or acting in a healthy manner  
should mix this prescription at  
home and give it a trial, as it is  
said to do wonders for many per-  
sons.

### Rate Increased.

The Old Kentucky Telephone  
Company at Winchester sent out  
circulars to all their subscribers  
Friday morning, notifying them  
that the rates on the telephones  
would be increased 50 cents after  
the first of March. This will make  
the rent on residence telephones  
\$1.50 per month and business out-  
fits \$2.50.

The company gives as its reason  
for making the increase that, with  
the general depreciation of the  
equipment and with the expendi-  
ture of \$20,000 recently made to  
install a new switchboard and other  
improvements, it can not make  
a fair income on its invest-  
ment at the old rates.

### Drowned in a Pond.

B. F. Vandiver, Lexington, Ky.,  
says: "I gave my boys Bourbon Hog  
Cholera Remedy when they had cholera  
and it cured them all excepting one  
that got well enough to go to the pond  
and fell in and drowned. It is the best  
remedy I have ever used." Sold by W.  
S. Lloyd.

### Bill Providing for Court of Inquiry Passed.

President Roosevelt is author-  
ized to appoint a court of inquiry  
to determine the quality of the  
reimbursement of the negro soldiers  
accused of shooting up Browns-  
ville, Texas, August 13 and 14,  
1906. The court of inquiry will  
recommend for restoration to duty  
such soldiers as are not found  
guilty of complicity in the affray.  
The Senate also passed the  
fortifications bill, with appropri-  
ations aggregating \$8,320,111.

For any pain, from top to toe,  
from any cause, apply Dr. Thomas'  
Electric Oil. Pain can't stay  
where it is used.

### Clark Set the Pace.

Clark county gets \$47,000 from  
the Government for bridges, said  
to be necessary because of high  
water by reason of locks and dams  
on Kentucky river. Now Madison  
county is trying to pull \$20,000  
from same source and for like  
cause. Where will this thing stop?

### Price of Butter to Be Reduced.

By means of a marvelous ma-  
chine which blends one pound of  
butter with one pint of milk, mak-  
ing two pounds of an absolutely  
pure food product which takes the  
place of butter, the high price is  
to be lowered.

What's the trouble at Richmond?  
Do many men drink booze? Two  
more of her citizens have been  
fighting—emptying pistols at each  
other. They evidently forgot  
Judge Benton's court instructions.

**EZEKIAH IS NOW CURABLE.**

## SENATOR M'CREEARY

Advocates Large Battleships as  
Best Means of Preserving  
Peace.

Senator James B. McCreary in  
the Senate contended that national  
weakness invites war, and that a  
powerful navy would be more than  
anything else to preserve peace.  
He strongly advocated the settle-  
ment of international disputes by  
arbitration.

Mr. President—I am in favor of  
authorizing the construction of  
two battleships superlatively in every  
respect to the fleetest, and most  
powerful on the seas. We have  
great interests, not only while other  
nations have great navies we must  
be prepared to protect our in-  
terests. We have the defense of  
our coast line—3,000 miles on the  
Pacific and more on the Atlantic  
and Gulf and of the great canal we  
are building. We hold the Philip-  
pine Islands, and the distinguished  
Admiral of the navy has said that  
we could not hold these islands  
six weeks without the American  
navy.

The best way to preserve peace  
is to make the force of our Nation  
so formidable and powerful that the  
hopelessness of attacking it or  
its citizens will be apparent and  
undoubted.

Our country now ranks as the  
second naval power of the world.  
Great Britain—Battleships 61,  
Armored cruisers 29.

United States—Battleships 31,  
Armored cruisers 12.

France—Battleships 26, Armored  
cruisers 22.

Japan—Battleships 15, Armored  
cruisers 15.

Russia—Battleships 15, Armored  
cruisers 6.

Only battleships of 10,000 tons  
and over are referred to. The  
American vessels being built are  
the Michigan and South Carolina,  
of 16,000 tons each; the Delaware  
and North Dakota, of 20,000 tons  
each; and the Florida and Utah,  
of 21,225 tons each, and have from  
eight to ten twelve inch guns.

Mr. President, the sentiment of  
the people everywhere is for peace,  
and the feeling in favor of the set-  
tlement of international disagree-  
ments without war and by arbitra-  
tion is growing stronger every  
day, international conferences and  
arbitration courts are being per-  
fected.

I hope for the day when Isaiah's  
prophecy will be fulfilled, and  
"Nation shall not lift the sword  
against Nation, neither shall they  
learn war any more."

### Like Finding Money.

Wm. S. Lloyd, the popular  
druggist, is making an offer that  
is just like finding money for he is  
selling a regular 50 cent bottle of  
Dr. Howard's celebrated specific  
for the cure of constipation and  
dyspepsia at half-price. In addition  
to this large discount he  
agrees to return the money to any  
purchaser whom the specific does  
not cure.

It is only recently, through the  
solicitation of Druggist Wm. S.  
Lloyd that this medicine could be  
bought for less than fifty cents,  
he urged the proprietors to allow  
him to sell it at this reduced price  
for a little while, agreeing to sell  
a certain amount. The result has  
justified his good judgment for the  
sale has been something remark-  
able.

Anyone who suffers with head-  
ache, dyspepsia, dizziness, sour  
stomach, specks before the eyes,  
or any liver trouble, should take  
advantage of this opportunity, for  
Dr. Howard's specific will cure all  
these troubles. But if by any  
chance it should not, W. S. Lloyd  
will return your money. 34-36

**Eastern Kentucky Wants  
Monument to Garfield.**  
There is a movement among the  
people of the Big Sandy Valley to  
have erected a monument to Presi-  
dent James A. Garfield for the  
services rendered by Col. Garfield  
in turning back the Confed-  
erate invasion of their country in  
1862, and as a permanent record  
of the battle of Middle Creek.

A petition signed by the people  
of the Big Sandy Valley will be  
forwarded to Congressman Lang-  
ley, who will urge its passage.  
The petition asks for appropriation  
for a suitable memorial to Garfield  
at Prestonsburg, near where the  
battle of Middle Creek was fought.

## DELICATE CHILDREN

Doctor Told This Mother That  
Vinol is a Fine Remedy---  
Mrs. Flagg Told How Her  
Daughter Was Restored  
By Vinol.

"Our little daughter, six years  
of age, after a severe attack of the  
measles, which developed into  
pneumonia, was left pitifully thin,  
weak and emaciated. She had  
no appetite, and her stomach was  
so weak it could not retain food.  
She lay in this condition for weeks,  
until the doctor prescribed di-  
etary food, and we were begin-  
ning to think she would never re-  
cover.

"At this time we commenced  
to give her Vinol, and the effect  
was marvelous. The doctor was  
amazed at her progress, and when  
we told him we were giving her  
Vinol, he replied, 'It is a fine  
remedy, keep it up.' We did so,  
and she recovered her health and  
strength months before the doctor  
said she would."—Mrs. J. W.  
Flagg, Portland, Me.

Vinol is a real cod liver oil pre-  
paration, containing in a highly con-  
centrated form all of the body-  
building, strength-creating and  
curative elements of cod liver oil  
and tonic iron added. It is deli-  
cious to take and children love it.

Every mother who has a weak,  
delicate or ailing child, should try  
Vinol on our offer to return her  
money if it fails to give satisfac-  
tion. Wm. S. Lloyd, Druggist,  
Mt. Sterling, Ky.

graduating at College went to  
Africa as a Missionary, is now  
printing the Bolegne Christian.  
Her fourth son, Frank Allen, has  
been in Montana since July, 1907.  
He will come home soon to pre-  
pare for a college course in Lex-  
ington, expecting to go as a Mis-

## REALIZES LIFE IS UNCERTAIN

Something Happened to the Man Who  
Followed Precedent.

"No, I'm not going to commit sui-  
cide because I have a broken nose,"  
said the man with the strips of cor-  
d plaster across his nasal organ; "but  
I'll tell you what I am going to do af-  
ter this. I'm not going to believe  
there's anything in luck any more, and  
that things in this life are as uncer-  
tain as going out to milk a cow in the  
dark. You may find the cow, or you  
may find yourself alongside of a  
mule."

"Something must have happened?"  
was queried.

"Yes, something has; and maybe I'll  
feel better to get it off my mind. Six  
months ago a friend of mine was in  
Boston. He was walking along the  
street behind a lady when he noticed  
that she was baldheaded. She took  
her property from my hands, and then  
hailed off with the umbrella she car-  
ried and walked away. No samples,  
no sweetness, no check for \$20,000 or  
any other old amount. I was entitled  
to it just as much as my friend, and  
really more than he was, and yet he let  
her hug him in the shoe trade, while I  
am hanging around the country with a  
broken nose, and the doctors say I will  
never be handsome again."

"Well, I was in New York last week  
and I found myself following a lady  
on the street. I am just as good-  
looking and courteous and cheerful as  
my friend. A gust of wind took  
the lady's hat off, and all her false  
hair with it. I overtook her, raised my  
hat and expressed my sympathy  
that she was baldheaded. She took  
her property from my hands, and then  
hailed off with the umbrella she car-  
ried and walked away. No samples,  
no sweetness, no check for \$20,000 or  
any other old amount. I was entitled  
to it just as much as my friend, and  
really more than he was, and yet he let  
her hug him in the shoe trade, while I  
am hanging around the country with a  
broken nose, and the doctors say I will  
never be handsome again."

About the Same—NIT.  
Harry Keller, the retired magician,  
was talking about stage magic.

"It is not," he said, "so good as it  
used to be. The younger magicians  
do not study and practice as we of  
the previous generation did. Hence,  
nowadays stage magic appears rather  
tame."

"But the young magicians don't  
think so. They are like an elderly  
fat man whom I saw at my tailor's  
the other day.

"Let me see, sir," said the tailor,  
"you haven't been in for two or three  
years. Perhaps I had better remeas-  
ure you."

"All right," said the fat man.  
"You'll find no change in my figure,  
though."

"The tailor got to work with his  
tape. The measurements were called  
out and jotted down. The fat man  
said at the end:

"Well, the measurements are about  
the same as they used to be, eh?"  
"Yes, sir, about the same," was the  
reply. "Except a trifle lower down,  
that's all, sir."

### Few One-Armed Women.

"Did anybody ever see a one-armed  
woman?" asked the gray-headed man.  
"I never did. Almost every day I meet  
one-armed men, but I have yet to en-  
counter a woman with that pitifully  
empty sleeve. Are there no women  
who have suffered that mutilation?  
If not, why not, and if so, where are  
they?" Yesterday I heard it argued  
that there was no cause for a woman  
to lose an arm. Women do not en-  
gage in the wars, they are not engaged in  
occasions likely to carry away a  
part of their body. But that reason-  
ing is not sound. Many women work  
in mills and factories, and they are  
liable to accidents in the street  
and public conveniences as men. Fre-  
quently they figure in these accidents,  
but although men in the same situa-  
tion would lose an arm, women never  
do. What is the cause of their immu-  
nity?"

Secret of Style.  
Style is in a very small degree the  
deliberate and designed creation of  
the man who therein expresses him-  
self. The self that he thus expresses  
is a blend of inherited tendencies  
that came, the man himself can never  
entirely know whence. It is by the  
instinctive stress of a highly sensitive  
or slightly abnormal constitution that  
he is impelled to discard these tenden-  
cies into the alien mien of words. The  
style, however, he strives to write  
himself on the yet blank pages of the  
world may have the obstinate vigor of  
a metal rod, or the wild and quaver-  
ing wariness of an insect's wing, but  
behind it lies the force that extends  
into infinity. It moves us because it  
is itself moved by pulses which, in  
various measure, we also have in-  
herited.—Atlantic.

Looking Forward.  
"Some day we'll be taking midnight  
joy rides in the car."  
"Not 'some day.' You mean 'some  
night.'"

"Oh, very well. What I was going  
on to say was that if the son of a na-  
tionaire should fall out with a chorus  
girl on a trip like that it would be a  
serious matter."

A Modern Instance.  
"Now, Mary," asked the Sunday  
school teacher, "can you tell me what  
King Solomon did when both women  
claimed to be his wife?"  
"Yesum," responded the little girl  
to whose home the story had recently  
come with a double burden, "he made  
wine of it."

## Merely a Suggestion.

During the dinner hour on board a  
steamer the other day a passenger  
was much disturbed by the vulgar way  
in which the man who sat next to him  
ate his meat. At last, after watching  
him pick a bone in a very primitive  
fashion, he could control his feelings  
no longer, and, turning to the offend-  
ing party, he said: "Don't you think  
you would be more comfortable if you  
took that out on the mat?"—Tit-Bits.

A Motor Servile.  
With slight modification the boy's  
criticism in his essay on the horse  
might be applied to the motor-omni-  
bus—namely, that "the horse is a  
fiable animal, but he does not always  
do so. The motor-omnibus is the  
servant of vast numbers of people, but  
it is sometimes allowed to behave in a  
manner which is objectionable."

Robins Nest in Walcott Pocket.  
A pair of robins have built a nest  
and hatched a family in the pocket of  
an old waistcoat which has been left  
hanging on the wall of an unoccupied  
cottage at Lodswoth—London Stand-  
ard.

Had Reached Her Limit.  
"Mamma," exclaimed four-year-old  
Dorothy one day, "I'm so full of hap-  
piness that I couldn't be happier un-  
less I was bigger."

A GUARANTEED CURE FOR PIMPLES.  
Zemo, a clean lily for external use,  
draws the germs and their toxins to the  
surface of the skin and destroys them,  
leaving the skin clear and healthy.  
Two to six bottles will cure any case  
of pimples and blackheads.
